to improve our service, scale600 would like to start an english speaking forum for the collectors and a "my collection" system like on wings900.

This system allows you to keep track of your models. You can enter purchase date, price paid, etc. The system graphs the price of models over time.

Please let us know and vote at the poll (on the right side) for "yes" or "no". If you want to test the "my collection" system, just do this:

Go to <http://www.wings900.com/vb>

Login as:

Id: scale600

Pw: dbtest

Make sure the "REMEMBER ME" checkbox is checked.....

IT WORKS NOW!
